

Hi Bai Feng, thanks for the detailed outline — here's everything from my side to move forward:

1. Project Content

Logo & Brand Assets:

Logo is not ready yet. I'm open to your creative direction for a clean, modern brand identity.

Website Text (Rough Content):

Home Page:

Helping You Grow Your Business with Smart Digital Solutions.

We provide modern, reliable, and scalable solutions tailored to your needs.

About Us:

We are a forward-thinking team focused on delivering high-quality digital solutions. Our goal is to help businesses establish a strong online presence and grow efficiently.

Services:

- Website Design & Development
- UI/UX Design
- Digital Consulting
- Maintenance & Support

Contact:

Reach out for inquiries, collaborations, or project discussions.

Images / Visual References:

Use high-quality modern visuals such as business/tech-related images, minimal workspace aesthetics, abstract backgrounds, and clean illustrations.

2. Reference Websites

- <https://stripe.com> (Clean layout, modern feel)
- <https://apple.com> (Minimalism, premium look)
- <https://webflow.com> (Animations, professional UI)

- <https://notion.so> (Simplicity, readability)

3. Pages / Features

Pages:

Home, About Us, Services, Contact (Optional: Blog or Portfolio)

Features:

Responsive design, contact form, smooth navigation, basic animations, fast loading, SEO-friendly structure.

4. Preferences

Style: Modern, clean, professional

Colors: Neutral (black, white, grey) with accent color (blue or purple)

Typography: Simple and readable

Overall Feel: Minimal, trustworthy, premium

Looking forward to the sitemap and wireframes. Let me know if you need anything else.
